ENVIRONMENTAL PLANNING, SCIENCE & REGULATION

Six years of staff and contracting experience with consulting firms in environmental assessment, analysis and compliance work.

Have participated in a variety of projects including: CEQA and NEPA reports, air and water quality reports, biological assessments, transportation studies, geologic surveys, general plan updates and entitlement studies. Performed field surveys, desk research, data reduction and analysis, and contributed written sections to a variety of environmental documents. Recent experience producing parcel maps and validating legal descriptions for the Ventura County Assessor.

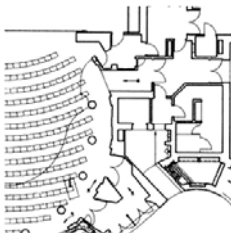

Have produced a variety of maps using CAD, illustration software, and GIS. Able to produce effective charts & diagrams, shadow studies and photo-simulations. Proficient with AutoCAD 2008, AutoCAD Map, and ArcGIS Explorer. Skilled with Photoshop & Illustrator, Microsoft Office, and various web-authoring tools. Adept at application-level programming for office customization and end-user productivity.

Have assisted preparations for community planning workshops and participated as a project applicant. Frequently attend planning workshops as an interested citizen. Well-read and familiar with the legal, design, engineering, economic and social aspects of development planning & environmental regulation.

ARCHITECTURE

Recent experience with a small firm as a project manager for new commercial construction and tenant improvements. Responsible for project workflow, coordination with clients and consultants, permit applications, design development, code compliance, construction documents, and construction-phase administration. Projects include retail centers, office buildings, tilt-up commercial-Industrial, commercial space conversions to churches, and custom residences.

I.T. MANAGEMENT

Ten years experience implementing and managing multi-seat CAD systems with Windows, Mac & Unix platforms. Ready to install, customize, maintain & troubleshoot systems and networks, train users, manage backups, and organize email & web assets.
